Draak, T. H. P. (2019). Capturing the Patient's Voice: Peripheral Neuropathy outcome measures Standardisation (PeriNomS) study part 3. Maastricht: ProefschriftMaken Maastricht. <https://doi.org/10.26481/dis.20190621td>

Document status and date:

Published: 01/01/2019

DOI:

[10.26481/dis.20190621td](https://doi.org/10.26481/dis.20190621td)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Stellingen behorende bij het proefschrift

Capturing the Patient's Voice

Peripheral Neuropathy outcome measures Standardisation

(PeriNomS) study part 3

1. Het vermogen om (weer) zelfstandig te kunnen lopen is ontoereikend als uitkomstmaat voor patiënten met een inflammatoire neuropathie (dit proefschrift)
2. De I-RODS en knijpkracht moeten de standaard uitkomstmaten zijn in klinische trials bij patiënten met inflammatoire neuropathieën (dit proefschrift)
3. De kwaliteit van leven is moeilijk te meten maar dit is geen excuus om dit onjuist te doen (dit proefschrift)
4. Zonder goede uitkomstmaten geen goede studies (dit proefschrift)
5. Patiënten dienen beschermt te worden tegen studieresultaten die geen rekening houden met klinische relevantie (valorisatie)
6. Measure what is measurable, and make measurable what is not so (Galileo Galilei)
7. The purpose of a doctor or any human in general should not be to simply delay the death of the patient, but to increase the person's quality of life (Hunter "Patch" Adams)
8. Have no fear of perfection - you'll never reach it (Salvador Dali)
9. Kinderen zijn de meest motiverende patiënten
10. Een proefschrift voltooien toont vele overeenkomsten met het vaderschap, zoals geduld, begrip, een lach en een traan. Gelukkig houdt een proefschrift je 's nachts niet wakker.
